

Plixus V-SEL

Plixus Video Selection Button Board

Description

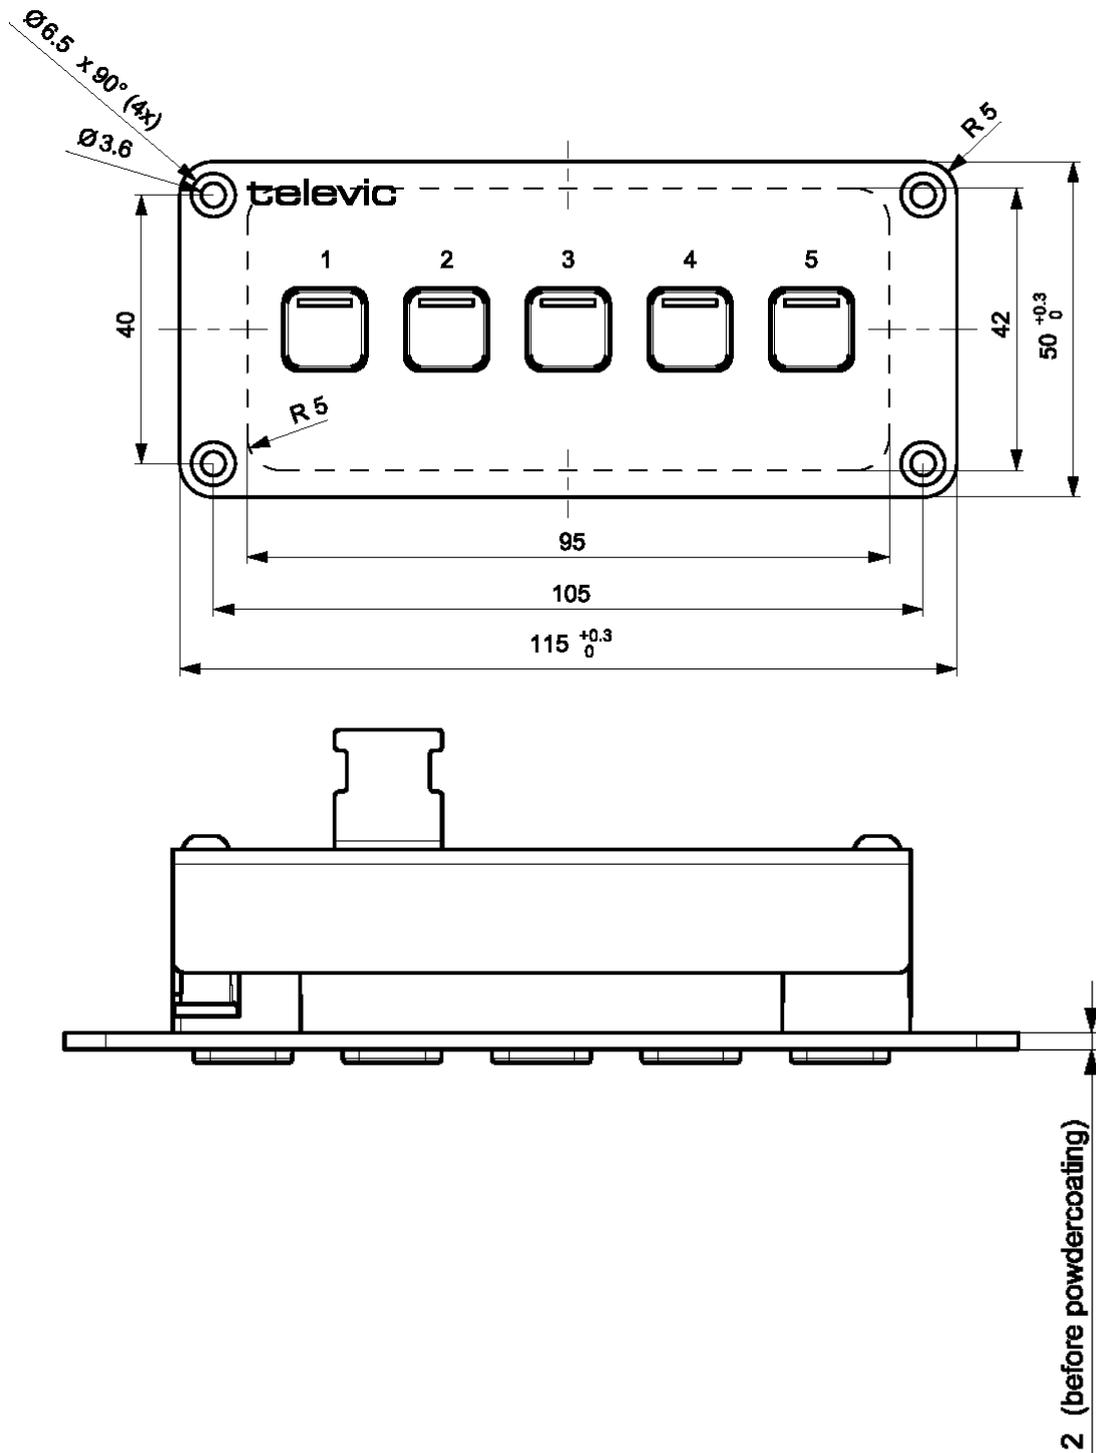

The Plixus Video Selection Button Board makes switching between different video streams child's play. The V-SEL is an accessory that is connected to the Plixus Video-OUT Box through a micro-USB connector. A simple, straightforward unit with physical hardware buttons makes it easy to cycle between up to 5 different video streams. An indicator LED highlights the active, selected stream.

Features & Benefits

- Plug and play setup
- Sleek design
- Minimal footprint
- Tactile buttons
- 5 video channels
