

## C 516 ML

- **Cardioid instrument microphone with miniature mounting bracket**
- **High mechanical-noise attenuation**
- **Including wireless direct adapter for easy use with AKG PT 40 and PT 400**
- **Detachable microphone cable**
- **Ideal for miking up accordions and guitar, piano, keyboard, or organ amplifiers**

Lightweight cardioid miniature microphone for use on accordions, guitar speakers, piano and keyboard/organ cabinets. The included screws and double-sided, solvent-free adhesive pads make it easy to install the microphone on your instrument or amp exactly where you need it.

Using two C 516 MLs (one on the bass and one on the treble side) and an optional B 29 L battery power supply is an ideal way to mic up an accordion.

The C 516 ML is the only version available and can be used with the B 29 L battery power supply, AKG WMS Series bodypack transmitters, or the MPA V L adapter for external phantom powering. The unique adapter plate A 400 allows easy attachment of the AKG pocket transmitters PT 400 and PT 40.
