THE COST-EFFECTIVE,
ELEGANT SOLUTION

Clear, high-fidelity sound · Easy to Install

Introducing JBL's 8100 Series Ceiling Loudspeakers

The 8100 Series brings affordable high-fidelity sound quality to commercial applications. Models include 8124, a 4-inch loudspeaker featuring wide coverage, and 8128, an 8-inch loudspeaker featuring extended broadband performance.

High sensitivity drivers deliver maximum sound levels using minimal amplifier power. With its contemporary grill design, 70V/100V taps and open-back design, the 8100 series brings elegance and performance to basic commercial sound systems, or any application not requiring a backcan for installation.

Perfect for use in

Restaurants
Retail Stores
Coffee Shops
Cafeterias

Professional Offices
Multi-Use Spaces
Ancillary Areas

Training Rooms
Lobbies/Foyers
Reception/Waiting Rooms
