More Details

Image Quality

Equipped with a professional image sensor with 4K UHD 60 fps and Full HD 1080p 60fps output resolution providing high color reproduction, high definition, and a crystal-clear image. The VC-A71P has a professional 30x optical zoom lens that provides image details without any distortions.

Ethernet Interface

The VC-A71P supports H.264, HEVC(H.265) video compression format that can reduce the bandwidth for transmitting video. This technology can decrease hard disk space when recording.

Easy Installation

Powered by PoE++ (Power over Ethernet) allowing a cost effective and simple installation.

Advanced Image Processing

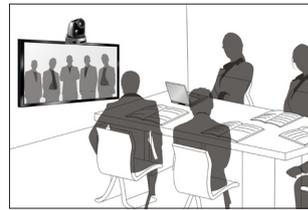

The advanced AF/AE/AWB algorithm and circuit design ensures a pristine image during the pan, tilt, zoom and capture function.

Built-in Tally Light

The VC-A71P built-in tally light. The LED lights turn on when the camera is in operation. This is an essential function for a broadcast studio or any applications with more than two PTZ cameras.

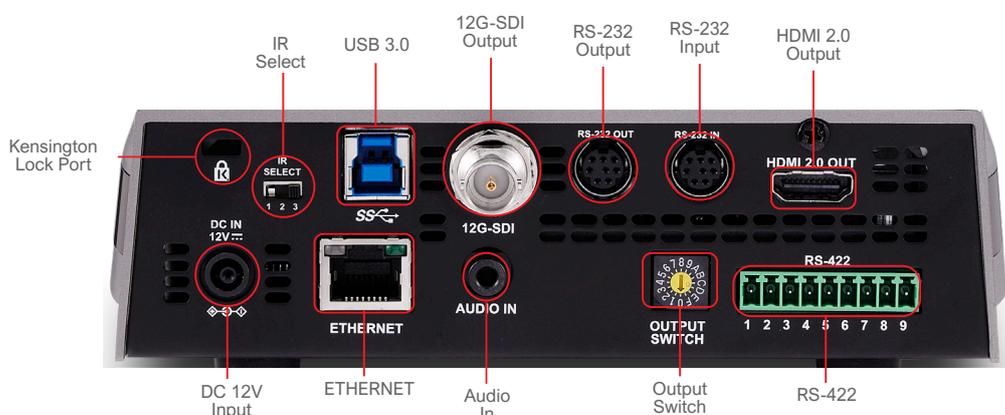

Panoramic Viewing Angle

The VC-A71P has a panoramic 63° horizontal field of view that helps users achieve a wider viewing area.
